

NATIONWIDE LIMITED ROAD HAZARD WARRANTY

THIS IS NOT PROOF OF COVERAGE.
PURCHASE AND REGISTRATION OF THIS SERVICE IS REQUIRED AT THE TIME OF TIRE PURCHASE.

IF YOU HAVE PURCHASED A ROAD HAZARD WARRANTY AND ARE SEEKING A COPY OF YOUR CERTIFICATE, CONTACT OUR FACILITY AT (480) 218-0096 FOR A RE-PRINT. THIS DOCUMENT IS OFFERED AS REFERENCE ONLY.

This road hazard warranty is made by the independent repair facility from which you purchased the tires. This limited road hazard warranty applies to the tires, original purchaser and the original vehicle identified on the receipt. This limited road hazard warranty only applies to passenger and light truck tires, which, during its tread life or within the covered period of time, becomes unserviceable because of a road hazard. The road hazard warranty purchase must appear on your receipt. Tire must be within 2 sizes of OEM fitment to be eligible for road hazard coverage. A road hazard occurs when a tire fails due to a puncture, bruise or break incurred during the course of normal driving on a maintained road. Nails, glass, and potholes would be the most common examples.

WHAT YOU MUST DO TO OBTAIN SERVICE

If possible you should return to the facility where you originally purchased this warranty. If you are away from the original facility, you must contact the program administrator by calling 866-830-4189 for assistance in locating the nearest participating facility. YOU MUST PRESENT THE ORIGINAL INVOICE SHOWING THE PURCHASE OF THE TIRE(S) AND THE ROAD HAZARD WARRANTY. Prior authorization must be obtained to replace a tire damaged by a road hazard. The damaged tire must be made available for inspection by the facility and/or the program administrator. All claims and any required documentation must be submitted to the facility or the administrator within 60 days of the date of failure and/or service.

WHAT IS COVERED BY THE LIMITED ROAD HAZARD WARRANTY

The road hazard warranty is valid for a period of 3 years or until any portion of the tire is worn to 2/32nds of an inch or less, whichever occurs first.

Tire Replacement: If a tire becomes unserviceable because of a road hazard during the useable tread life of the tire, it will be replaced with a new tire. If available, an exact make/model replacement tire will be installed. If not available, a comparable quality tire will be installed. If the tire failure occurs within the first 33% of useable treadwear, and cannot be safely repaired per manufacturer's guidelines, the tire will be replaced with coverage up to 100% of the original price paid for the tire. After the first 33% of useable treadwear, you will be charged for the consumed useable treadwear on the original tire, times the original selling price of the tire. You will be responsible for any taxes, mounting, balancing, and any other miscellaneous fees. When the tread is worn down to 2/32" the tire is considered worn out and is not eligible for adjustment. If you want road hazard warranty on the replacement tire, you must purchase a new road hazard warranty for the new tire.

Tire Repair: If your tire is damaged due to a road hazard and can be safely repaired, the tire will be repaired per manufacturer's guidelines at any participating facility. The warranty will cover up \$20.00 to have the tire repaired. The road hazard warranty will remain in effect.
